204408694	Game ended in a wrong score Broken CMakeLists			92
307858514				92
205969710		86	5	91
302444229	Game ended in a wrong score Tried to load a non existing file Did not report a missing file			91
200024438				91
204559074		88		88
302383682	Extra line at end of print (4 different places) Submitted precompiled headers (stdafx)			88

204683783		100		100
305208357	Inaccurate error prints	98	5	103
304849862				103
302961230				103
305649931		100	5	105
206264293	Extra lines in error prints Printed extra error messages			105
305637688		97		97
203954276				97
301798617				97
305645806	precompiled headers in cmake but not in folder	100		100
204537997				100
204196729				100
305135956		98	5	103
305210189	Broken CMakeLists			103
200732444		98	5	103
305007668				103
201467693		100		100
200834174	Extra spaces in game results prints Extra spaces in errors prints Extra line at end of print Inaccurate error prints - "missing board" Game ended in a wrong score - Suppose to be tie game but wasn't			100
204077556		90		90
305031692				90
308019793				90
316802222	Extra spaces in game results prints Extra line at end of print Inaccurate error prints (attack file b) Declared a winner in a tie game Game ended in a wrong score - Mishandled end of moves for player	88		88
203519541				88
308545136				88
305624173		94		94
204204788	Broken CMakeLists Declared wrong path when it wasn't - didn't play on 2 good boards			94
201241825		92		92
305747370				92
300524105				92
305630626	Inaccurate error prints Extra line at end of print Game ended in a wrong score Printed junk numbers as results (checked with your supplied files)	100		100
203754833				100
300565694		82	5	87
302990080				87
303067961	Extra line at end of print Game ended in a wrong score - clean moves Error parsing "dirty legal moves"			87
305151789		90		90
304979214				90
304957673				90
203056585	Missing bonus file Extra line at end of print Inaccurate error prints - missing boards Game ended in a wrong score - when moves ended	90	5	95
304720063				95
302169040		94	5	99
305704546				99
305586992	Broken CMakeLists Inaccurate prints - points			99
304983257		90		90
304825698				90
304817471				90
314576349	Stuck in an infinite loop when moves end	86	5	91
303021406				91
				91
	Too many debug prints - needed to alter the code to test Inaccurate error prints - "Adjacent ships" lowercase Inaccurate error prints - Missing attack file			91
				91
				91

200978732	Missing bonus file Played games on all illegal boards	90	5	95
203317565				95
203972153				95
204540132	Missing bonus file Inaccurate error prints - "wrong size" lowercase for Player B	97	5	102
305151995				102
203599238				102
203569264	Infinite loop - when game is tied Game ended in a wrong score Inaccurate prints - lowercase w in Won Error parsing "dirty legal moves" Inaccurate error prints (Missing files)	79	5	84
203521638				84
201082708				84
305462939		100		100
303091003		100		100
203945498	Used getch() - where no user input is needed Not supported - folder argument & -quiet Game not functioning - even with files you supplied Submitted late after fix	60	5	65
201437795				65
302602875		87	5	92
201567286	Infinite loop - when game is tied Missing bonus file			92
302680665				92
308484807	Game Inaccurate prints - results Extra spaces in game results prints Missing students file (student instead) Used getchar() - where no user input is needed	91		91
301869665				91
314292590				91
201590684	Game ended in a wrong score Error parsing "dirty legal moves" Did not Compile	86		86
302461876		89		89
315474197	Mishandeled End Moves Bad cmake name (.txt.txt) + changed the "don't touch" section No Students.txt file			89
308330141		86		86
204585095	Game ended in a wrong score Extra spaces in game results prints Players switched roles (A is B, B is A) Error parsing "dirty legal moves" Tie Game - didn't print "Points:"			86
205830953		85		85
316334028				85
207541400	Inaccurate prints - both players won Inaccurate error prints - extra space in missing attack file Game ended in a wrong score - tie game Submitted late after fix			85
309475721		84		84
301431664				84
303047401	Error parsing "dirty legal moves" Games ended in a wrong score - game 2 + tie game Submitted late after fix	87		87
201324332				87
200857233				87
203628706	Inaccurate error prints Mishandeled End Moves Submitted late after fix Extra spaces in game results prints Inaccurate error prints - declared wrong size on good ships Inaccurate error prints - bad board 2 Inaccurate error prints - bad board 3 Submitted late after fix	88		88
